ASSIGNMENT

WHEREAS, David E. Acker, a citizen of the United States of America, residing at 27 Tavern Way, Setauket, New York 11733, as assignor, has invented improvements in

METHOD AND APPARATUS FOR SYNTHETIC VIEWPOINT IMAGING

for which U.S. Application No. 08,948,267 for Letters Patent was filed in the U.S. Patent and Trademark Office on October 9, 1997, which claims priority from United States Provisional Patent Application Serial No. 60/028,479 filed on October 15, 1996.

AND WHEREAS, Biosense, Inc., a corporation of the State of Delaware, having a place of business at 220 Belle Meade Road, Setauket, New York 11733, as assignee, is desirous of acquiring all right, title and interest in and to said invention and any Letters Patent that may be granted therefor.

NOW, THEREFORE, in consideration of One Dollar ($1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, I, as assignor hereby sell, assign and set over to said assignee the entire right, title and interest in the United States of America and all other countries in and to said invention and the aforesaid application for Letters Patent, all original, divisional, continuation, substitute or reissue applications and patents applied for or granted therefor in the United States of America and all other countries, and the Commissioner of Patents and Trademarks is hereby authorized and requested to issue all patents on said improvements or resulting therefrom to said assignee herein, as assignee of the entire interest therein; and the undersigned for me and my legal representatives, heirs and assigns do hereby agree and covenant without further remuneration, to execute and deliver all divisional, continuation, reissue and other applications for Letters Patent on said improvements and all assignments thereof to said assignee or its assigns, to communicate to said assignee or its representatives all facts known to the undersigned respecting said improvements, whenever requested, to testify in any interferences or other legal proceedings in which any of said applications or patents may become involved, to sign all lawful papers, make all rightful oaths, and to do generally everything necessary to aid assignee, its successors, assigns and nominees to obtain patent protection for said improvements in all countries, the expenses incident to said applications to be borne and paid by said assignee.
