18                  **AGREEMENT**

19                  For value received which is hereby acknowledged, Inventor(s) hereby sell,  
20                  assign, and transfer to Kaiser Aluminum and Chemical Corp., as assignee, and its  
21                  successors, assigns and legal representatives, the entire right, title and interest for all  
22                  countries, in and to certain inventions relating to and described in an application for  
23                  Letters Patent of the United States entitled "System and Method for Predicting  
24                  Impending Anode Effect in Aluminum Reduction Cells", executed concurrently  
25                  with this Patent Assignment, and all the rights and privileges under any and all  
                    Letters Patent that may be granted therefor, including any reissues, divisions,  
                    continuations, and/or continuations-in-part thereof.

1 Inventor(s) request that any and all patents for said inventions be issued to  
2 Kaiser Aluminum and Chemical Corp., its successors, assigns and legal  
3 representatives, or to such nominees as it may designate.

4 Inventor(s) agree that, when requested, Inventor(s) will, without charge to  
5 Kaiser Aluminum and Chemical Corp. but at its expense, sign all papers, take all  
6 rightful oaths, and do all acts which may be necessary, desirable or convenient for  
7 securing and maintaining patents for said inventions in any and all countries and for  
8 vesting title thereto in Kaiser Aluminum and Chemical Corp., its successors, assigns  
9 and legal representatives or nominees.

10 Inventor(s) authorize and empower Kaiser Aluminum and Chemical Corp.,  
11 its successors, assigns and legal representatives or nominees, to invoke and claim for  
12 any application for patent or other form of protection for said inventions filed by it or  
13 them, the benefit of the right of priority provided by the Paris Convention, or by any  
14 convention which may henceforth be substituted for it, and to invoke and claim such  
15 right of priority without further written or oral authorization from me; to file and  
16 prosecute foreign applications under the Patent Cooperative Treaty, or any other  
17 treaty governing foreign filings; and to file and prosecute applications under the  
18 European Patent Convention.

19 Inventor(s) hereby consent that a copy of this Patent Assignment shall be  
20 deemed a full legal and formal equivalent of any assignment, consent to file, or like  
21 document which may be required in any country for any purpose and more  
22 particularly in proof of the right of Kaiser Aluminum and Chemical Corp. or its  
23 nominee to claim the aforesaid benefit of the right of priority provided by the Paris  
24 Convention, as amended, or by any convention which may henceforth be substituted  
25 for it.
