ASSIGNMENT OF PATENT

WHEREAS, C-COR ELECTRONICS, INC., a corporation organized and existing under the laws of the Commonwealth of Pennsylvania, having its principal place of business at 60 Decibel Road, State College, Pennsylvania 16801 and/or C-COR/Comlux, Inc., a corporation organized and existing under the laws of the Commonwealth of Pennsylvania, having its principal place of business at 60 Decibel Road, State College, Pennsylvania 16801 (hereinafter referred to as "Assignor") is the sole and exclusive owner of record in the United States Patent and Trademark Office of United States Patent No. 5,459,607 entitled SYNCHRONOUS OPTICAL DIGITAL TRANSMISSION SYSTEM AND METHOD, issued on October 17, 1995.

WHEREAS, FORCE, INCORPORATED, a corporation organized and existing under the laws of the Commonwealth of Virginia, having its principal place of business at 825 Park Street, Christiansburg, Virginia 24073 (hereinafter referred to as "Assignee") is desirous of acquiring all right, title and interest in, to and under the aforementioned patent, together with all foreign patents and foreign patent applications corresponding thereto, and the inventions disclosed or covered thereby worldwide (hereinafter both the United States and foreign patents and patent applications and inventions being referred to collectively as the "Patent").

NOW, THEREFORE, for good and valuable consideration, the receipt thereof being hereby acknowledged, and intending to be legally bound hereby, Assignor does hereby sell, assign, transfer and set over to Assignee throughout the world the aforementioned Patent and all divisions, reissues, continuations, renewals, and/or extensions thereof including all priority rights under the Paris Convention associated therewith for each country in the Paris Convention, the

same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns and other legal representatives, to the end of the terms for which the Patent has been granted, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made; together with all claims by Assignor for damages by reason of past infringement of the Patent, with the right to sue for, and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns or other legal representatives.

Assignor shall, by its officers, employees, legal representatives or other persons duly authorized, communicate to Assignee or the representatives thereof any and all facts known to it respecting the Patent, and will, upon request, testify in any legal proceedings, sign all lawful papers, make all rightful oaths, and generally do all other and further lawful acts, deemed necessary or expedient by Assignee or by counsel for Assignee, to assist or enable Assignee to obtain and enforce full benefits from the rights and interests herein assigned. Assignor additionally agrees to execute short-form copies of this assignment or portions thereof regarding any or all of the aforementioned Patent, as required by Assignee in the future.

Assignor agrees to waive all rights and privileges to contest the utility, novelty or validity of the Patent.

Assignor warrants that it is the sole and exclusive owner of the Patent, that it has the right to make this Assignment, and that the Patent is free of all liens, security interests, claims or other encumbrances and licenses.

IN WITNESS WHEREOF, Assignor has caused its name to be signed by its duly authorized representative and its corporate seal to be affixed hereto this 26th day of March, 1998.
