ASSIGNMENT

WHEREAS, we, PETER SPIROS COLUMBUS and YOGESHBHAI BABUBHAI PATEL, citizens of the United States of America, residing, respectively, at Melville, New York and Cahanna, Ohio, have invented certain new and useful improvements in MONOMER-FREE POLYVINYL ACETATE DISPERSIONS AND METHOD OF MAKING SAME for which an application for Letters Patent of the United States is being executed concurrently herewith; and

WHEREAS, ELMER'S PRODUCTS, INC., a corporation duly organized under the laws of the State of Delaware, having a principal place of business at 180 East Broad Street, Columbus, Ohio 43215, is desirous of acquiring the entire right, title and interest in and to the aforesaid application in which the invention is disclosed, described and claimed, in and to the above-identified invention for the United States of America and all countries foreign thereto and in and to any and all Letters Patent to be issued for said invention in the United States of America and all countries foreign thereto, including any and all reissue and reissues, extension or extensions, or division or divisions of such Letters Patent;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we, by these presents, do hereby bargain, sell, assign, transfer and set over unto ELMER'S PRODUCTS, INC., its successors, assigns or other legal representatives, the entire right, title and interest in and to the aforesaid application in which the invention is disclosed, described and claimed, in and to the above-identified invention for the United States of America and all countries foreign thereto; and all reissue or reissues, continuation or continuations, or continuation-in-part or continuations-in-parts, extension or extensions, or division or divisions of any such Letters Patent; the same to be held and enjoyed by ELMER'S PRODUCTS, INC., for its own use and on behalf of its successors, assigns, or other legal representatives, to the full end of the term or terms for which said Letters Patent may be granted, reissued, or extended as fully

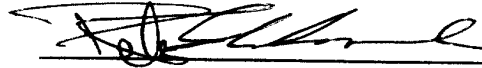

and entirely as the same would have been held and enjoyed by us, if this assignment and sale had not been made.

And we hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent covering said invention, or resulting from the aforesaid application to us and to indicate thereon ELMER'S PRODUCTS, INC., as the assignee of the entire right, title and interest in and to said Letters Patent and the invention described and claimed therein.

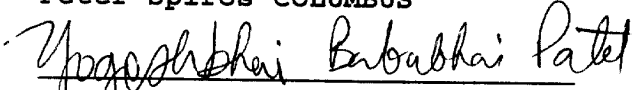

And we further covenant and agree that We will at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title to said invention, or any Letters Patent that may be granted therefor, in ELMER'S PRODUCTS, INC., its successors, assigns or other legal representatives, and that if ELMER'S PRODUCTS, INC., its successors, assigns or other legal representatives desire to secure a reissue, continuation-in-part or extension, or division of any Letters Patent, We will, upon request, sign all papers, make all rightful oaths, and do all legal acts necessary and requisite for application of such reissue, extension or division and the procuring thereof, but at the expense of ELMER'S PRODUCTS, INC., its successors, assigns or other legal representatives.

And we further covenant and agree that We will, at any time, upon request, communicate to ELMER'S PRODUCTS, INC., its successors, assigns or other legal representatives, any facts relating to said invention and Letters Patent, or to the history thereof known to us, and will testify to the same in any interference or litigation, when requested to do so.
