for which we filed a United States Patent Application on December 12, 1996,
 and now has Serial No. 08/766,474, and all patent applications and patents of
 every country for said invention, including divisions, reissues, continuations
 and extensions thereof, and all rights of priority resulting from the filing
 of said applications; we authorize the above-named assignee to apply for
 patents of foreign countries for said invention, and to claim all rights of
 priority without further authorization from us; we agree to execute all papers
 useful in connection with said United States and foreign applications, and
 generally to do everything possible to aid said assignee, their successors,
 assigns and nominees, at their request and expense, in obtaining and enforcing
 patents for said invention in all countries; and we request the Commissioner
 of Patents and Trademarks to issue all patents granted for said invention to
 the above-named assignee, its successors and assigns.

Executed this 3 day of JULY, 1997.
