ASSIGNMENT

In consideration for value received from Assignees to Assignor, Materials Research Corporation, 560 Route 303, Orangeburg, NY 10962, an owner of record as evidenced by an assignment recorded in the U. S. Patent and Trademark Office on November 11, 1996 at Reel 8207, Frame 0190

hereby sells, assigns, transfers and conveys jointly unto

Sony Corporation, a corporation of Japan, having a place of business at 7-35 Kitashinagawa 6-Chome, Shinagawa-ku, Tokyo, Japan; and

Materials Research Corporation, a corporation of the state of Delaware having a place of business at 560 Route 303, Orangeburg, NY 10962

its successors, assigns and legal representatives (hereinafter called the "Assignees"), the entire right, title and interest, for all countries in and to any and all improvements which are disclosed in the invention entitled Magnetic Device For Rotating A Substrate which is found in the United States Patent Application No. 08/570,220 filed December 8, 1995 and in and to said application, and all divisions, renewals and continuations thereof, and all Letters Patent of the United States which may be granted, thereon, and all reissues and extensions thereof, and all applications for Letters Patent or other grants of protection of proprietary rights including, but not limited to, inventor's certificate, utility model, utility certificate, patent of importation, registration of patent and industrial design registration which may be filed, and which may be granted; upon said inventions in any countries or regions foreign to the United States, and all reissues, renewals and extensions thereof; and we hereby authorize and request the Commissioner of Patents and Trademarks of the United States, and all officials of countries or regions foreign to the United States having authority so to do, to issue all such Letters Patent or other grants of protection upon said inventions to the Assignees or to such nominees as it may designate.

AND authorizes and empowers the said Assignees or nominees to invoke and claim for any application for such Letters Patent or other grants of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by a convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

AND hereby covenants that it has the full right to convey the entire right, title and interest herein assigned and that it has not executed and will not execute any agreement in conflict herewith.

AND hereby covenants and agrees that it will communicate to said Assignees or nominees all facts known to us pertaining to said inventions, make all rightful oaths and declarations and in general perform all lawful acts necessary or proper to aid said Assignees or nominees in obtaining, maintaining and enforcing all lawful patent or other grants of protection of said inventions in any and all countries and regions.
