ASSIGNMENT

WHEREAS, the undersigned inventors, namely Douglas A. Dennis, M.D. and Richard D. Komistek, Ph.D. (referred to collectively as "Assignor") have made an invention entitled "Method and Apparatus for Knee Prosthesis" for which an application for United States Letters Patent was filed on December 2, 1997 and is now application number 08/982,363; and

WHEREAS, Rose Biomedical Research, having an address of 4545 East Ninth Avenue, Suite 110, Denver, CO 80220 (referred to as "Assignee", collectively if more than one) desires to acquire all right, title and interest in and to the above identified invention and application;

NOW, THEREFORE, Assignor, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby sell, assign, convey, and transfer unto Assignee all right, title and interest in and to the above identified invention and application, together with all corresponding foreign applications and patents which may be filed thereon, including the right to claim priority from the above identified United States application; and inventor hereby agrees that Assignor will sign all lawful papers, including, without limitation, all divisional, continuation, renewal, extension and reissue applications, and make all rightful oaths in execution thereof, and will generally do everything possible to aid Assignee, its successors, assigns, and nominees to obtain and enforce proper protection for the invention in all countries, this obligation to be binding upon Assignor and Assignors' personal representative or other legal successor.

IN TESTIMONY WHEREOF, the undersigned Assignor (and each of them, if more than one) has signed below.
