A S S I G N M E N T

WHEREAS, we, Edward C. Giordano, Thomas W. Graves, James M. Jennings, Mark Vander Berg, William James A. Storer, Douglas R. Gibbs, Douglas A. Lonsinger and Gary A. Ashurst, whose post office addresses are listed below, have made a certain new and useful invention relating to a WATER TREATMENT DEVICE WITH VOLUMETRIC MONITORING FEATURES for which we have made application for Letters Patent of the United States, which application may be identified in the United States Patent Office as Application Serial No. 09/007,495, filed on January 15, 1998, for WATER TREATMENT DEVICE WITH VOLUMETRIC MONITORING FEATURES; and

WHEREAS, we now own the entire right, title and interest therein; and

WHEREAS, Teledyne Industries, Inc., a California corporation, doing business as Teledyne Water Pik, whose post office address is 1730 East Prospect Road, Fort Collins, Colorado 80553-0001, is desirous of acquiring the entire interest in and to said invention, said application and the Letters Patent to be obtained therefor:

NOW THEREFORE, for and in consideration of the sum of One Dollars (\$1.00) and other good and valuable consideration to us in hand paid, the receipt and sufficiency of which are hereby acknowledged, we have sold, assigned, and set over and by these presents do hereby sell, assign and set over unto the said Teledyne Industries, Inc., and said assignee's legal representatives, successors and assigns, the entire right, title and interest in and to said invention, said application, international and foreign and regional applications corresponding thereto, and the Letters Patent, both foreign and domestic, that may or shall issue thereon; and we do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above-mentioned assignee, consistent with the terms of this Assignment.

UPON SAID CONSIDERATION, we hereby covenant and agree with the said assignee that we will not execute any writing or do any act whatsoever conflicting with these presents, and that we will, at any time upon request, without further or additional consideration, but at the expense of the said assignee, execute such additional assignments and other writings and do such additional acts as said assignee may deem necessary or desirable to perfect the assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, renewal, reissued or extended Letters Patent of the United States, or of any and all foreign countries, on said invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal
