## ASSIGNMENT

This Assignment is made by Richard J. Lin of San Diego, California and Laszlo Nagy of San Diego, California Assignor(s), to, The Salk Institute for Biological Studies, Assignee, having a place of business at 10010 North Torrey Pines Road, La Jolla, California 92037.

WHEREAS, Assignor(s) have invented a new and useful invention entitled **METHODS FOR THE USE OF INHIBITORS OF CO-REPRESSORS FOR THE TREATMENT OF NEOPLASTIC DISEASES** for which an application for United States Letters Patent, was filed on November 10, 1997 in the United States Patent and Trademark Office and assigned U.S. Serial No. 08/966,876 and identified as Attorney Docket No. SALK2110-1.

WHEREAS, Assignor(s) believe themselves to be the original inventor(s) of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, the parties desire to have a recordable instrument assigning the entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said inventions in the United States and throughout the world;

NOW, THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor(s) sell(s), assign(s), and transfer(s) to Assignee, the entire right, title, and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the

right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignor(s) agree that, upon request and without further compensation, but at no expense to Assignor(s), they and their legal representatives and assign(s) will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignor(s) represent and warrant that they have not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor(s) authorize(s) and request(s) the Assistant Commissioner for Patents of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.
