PATENT ASSIGNMENT

Whereas, Advanced Logic Research, Inc. (hereinafter "Assignor"), a corporation organized under the laws of the State of Delaware and having a place of business at 9401 Jeronimo Road, Irvine, California 92718, acquired by assignment the entire right, title and interest in each of the United States Letters Patents, foreign patents and foreign patent applications listed on Schedule A attached hereto and any inventions disclosed in said United States Letters Patents, foreign patents and foreign patent applications;

Whereas, Amiga Development, LLC (hereinafter "Assignee"), a limited liability company organized under the laws of the State of Delaware and having a place of business at 600 N. Derby Lane, North Sioux City, South Dakota 57049, is desirous of acquiring the entire right, title and interest to each of said United States Letters Patents, said foreign patents and said foreign patent applications and any inventions disclosed therein;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells and assigns to Assignee, its successors and assigns, for the territory of the United States of America, the entire right, title and interest of Assignor in and to the said inventions and in and to the said United States Letters Patents, foreign patents and foreign patent applications, together with any reissues, extensions or renewals thereof, and Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any patents for said inventions, or patents resulting therefrom, insofar as its interest is concerned to the said Assignee, as Assignee of the entire right, title and interest of Assignor.

Assignor also hereby sells and assigns to Assignee, its successors and assigns, the foreign rights in the inventions disclosed in said patents and patent applications listed in Attachment A, in all patent-granting countries of the world, including the right to file applications and obtain patents for said invention in its own name in said countries, including all rights of priority under the terms of the International Convention for the Protection of Industrial Property, and further agrees to execute any and all patent applications, assignments, affidavits and any other papers in connection therewith necessary to perfect such patent rights.

Assignor further agrees that it will communicate to said Assignee or to its successors, assigns and legal representatives, any facts known to Assignor respecting any improvements, and at the expense of said Assignee, to testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, reissue and substitute applications, make all lawful oaths, and generally do everything possible to aid the said Assignee, its successors, assigns and nominees to obtain and

endorse proper patent protection for said invention in all countries.

In witness whereof, William M. Elliott has set his hand this 21 day of May, 1998.
