Attorney Docket No. 1101.56-US-01

ASSIGNMENT

WHEREAS, I, Michael James Turner, have invented certain new and useful improvements in the invention known as SWITCHING CIRCUIT FOR A RELUCTANCE MACHINE, for which an application for Letters Patent of the United States is being made, said application having been executed on June 16, 1998;

Whereas, Switched Reluctance Drives Limited (hereinafter "Assignee"), a corporation having offices at East Park House, Otley Road, Harrogate, North Yorkshire HG3 1PR, England, is desirous of acquiring the entire right, title and interest in and to said invention, said application and in, to and under any and all Letters Patent to be obtained therefor;

Now, therefore, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration to me in hand paid by said Assignee, the receipt of which is hereby acknowledged, I have sold, assigned and transferred, and by these presents do hereby sell, assign and transfer unto the said Assignee, its successors and assigns, my entire right, title and interest in and to said invention, said application, all divisions, continuations or renewals thereof, and the Letters Patent, both foreign and domestic, that may or shall issue, therefrom including all reissues or extensions of such patents including all of our rights under the International Convention, and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent to the above mentioned Assignee in accordance herewith.

I hereby authorize the law firm of Patterson & Keough, P.A., the right to insert in this instrument any information necessary or desirable to further identify said application for recordation with the U.S. Patent and Trademark Office.

Upon said consideration I do hereby covenant and agree with the said Assignee, its successors and assigns, that I will not execute in writing or do any act whatsoever conflicting with these presents, and that I or my executors or administrators will at any time upon request, without further or additional consideration, but at the expense of the said Assignee, its successors and assigns, execute such additional writings and do such additional acts as said Assignee, its successors and assigns, may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, reissued or extended Letters Patent of the United States, or of any and all foreign countries on said invention, and in enforcing any rights occurring as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents.
