PATENT ASSIGNMENT

WHEREAS, Lee Etnyre, ("Assignor"), is a co-inventor of a new and useful **Differential GPS Landing System**, for which a patent application was filed with the U.S. Patent and Trademark Office on March 23, 1998 and which has been assigned serial no. 09/046,483; and

WHEREAS, AIRSYS ATM, INC. ("Assignee") desires to acquire the entire and exclusive right, title and interest in and to the said invention and patent application, and any continuing and/or divisional applications which may be hereinafter filed, and any Letters Patent which may be granted and issued therefor in the United States and throughout the world;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer, and set over unto the said Assignee the entire right, title, and interest in and to the said invention, application, and any continuing and/or divisional applications which may be hereinafter filed, and in and to any Letters Patent which may be granted and issued in and for the United States of America and all foreign countries, including all treaty and convention rights, and the right to sue for present, past, and future infringement, enforce any rights and file any causes of action related thereto (either in law or equity), and to all income, royalties, fees, damages, and payments now or hereafter due or payable in respect thereto, the same to be held and enjoyed by said Assignee, its successors and assigns, to the full extent permissible under any applicable laws and ends of the terms for which all Letters Patents therefor may be granted, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

Assignee is hereby authorized to make application for and to receive Letters Patent for said invention in any of said countries at its election. The Assistant Commissioner for Patents is hereby authorized and requested to issue any and all Letters Patent of the United States for said invention to said Assignee. And by this covenant the Assignor agrees to execute or procure any further necessary assurance of title to said invention and patent applications, continuing and/or divisional applications, and Letters Patent; and at any time, upon the request and at the expense of said Assignee, will execute and deliver any and all papers that may be necessary or desirable to perfect the title to said invention or any Letters Patents which may be granted therefor in said Assignee, its successors, assigns or other legal representatives, and, upon the request and at the expense of said Assignee, will execute any additional or divisional applications for patents for said invention, or any part or parts thereof, and for the reissue of any Letters Patents to be granted therefor, and will make all rightful oaths and do all lawful acts requisite for procuring the same or for aiding therein, without further compensation, but at the expense of said Assignee, its successors, assigns, or other legal representatives.
