ASSIGNMENT

WHEREAS, Trigen Energy Corporation (hereinafter, Assignor), having a place of business 1 Water Street, White Plains, New York 10601, represents that it is the assignor of all right, title and interest in and to U.S. Patent 5,732,742 and a pending continuation thereof application Serial No. 09/050,298 filed March 30, 1998 for a Method For Re-Insulating Installed Steam Pipe Insitu, as evidenced by the Assignment recorded on July 1, 1996 in the U.S. Patent and Trademark Office on Reel 8080, Frame 0867.

AND WHEREAS, Thermal Science Technologies, LLC, with offices at 7526 Connelley Drive, Suite R, Hanover, Maryland 21076, (hereinafter Assignee) is desirous of acquiring the right, title and interest in, to and under said patent and said application.

The undersigned has reviewed the Assignment document in the chain of title of the patent identified above and, to the best of the undersigned's knowledge and belief, title of said patent is in the Assignor identified above.

NOW THEREFORE, in consideration of and in exchange for the sum of One Dollar (\$1.00), to it in hand paid by Assignee and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over to the Assignee, said patent and said application aforesaid, and any reissue or reissues of any patent which may be granted on said patent application, the same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, to the end of the term of said patent or reissue as full and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made; together with the right to sue for, and collect on all claims for damages for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives.

The undersigned (whose title is set forth below) is empowered to act on behalf of the Assignor.

AND, Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States resulting from any reissues, continuations, divisions, or continuations-in-part based on said pending application to Thermal Science Technologies, LLC as Assignee of the entire interest, and hereby covenants that it has full right to convey the entire interest herein assigned, and that it has not executed, and will not execute, any agreements inconsistent herewith.
