ASSIGNMENT

WHEREAS I, Simon Raab, of Longwood in the County of Seminole and the State of Florida; have invented certain new and useful improvements in:

IMPROVED BONE CONNECTIVE PROSTHESIS AND METHOD OF FORMING SAME

for which I have filed an application for Letters Patent of the United States;

AND WHEREAS, XENON RESEARCH, INC., a corporation organized and existing under the laws of the State of Florida, having a place of business at 125 Technology Park, Lake Mary, Florida 32746-6204; is desirous of acquiring an interest in the United States and all foreign countries, in and to the said invention and the Letters Patent to be obtained therefor;

NOW THEREFORE, TO ALL WHOM IT MAY CONCERN, be it known that, for and in consideration of one (\$1.00) dollar to me in hand paid, and other good and valuable considerations, the receipt of all of which is hereby acknowledged, I, the said Simon Raab; have sold, assigned and transferred, and by these presents do sell, assign and transfer unto said XENON RESEARCH, INC., the entire right, title and interest in and to said invention in the United States and in all foreign countries, including priority rights, as fully set forth and described in said application; and I do hereby authorize and request the Commissioner of Patents to issue said Letters Patent on said application and any and all Letters Patent that may be issued upon any and all revivals, refilings, continuations, continuation-in-part, divisions and reissues thereof, to the said XENON RESEARCH, INC., as assignee of the entire right, title and interest in and to the same, for the sole use and behoof of XENON RESEARCH, INC., its successors and assigns; and I will execute all papers necessary in connection with the United States applications and foreign applications when called upon to do so by the said XENON RESEARCH, INC., its successors or assigns, and that I will, at the cost and expense of the said XENON RESEARCH, INC., fully assist and cooperate in all matters in connection with the United States and foreign applications and patents issuing thereon.

The undersigned declare that all statements made herein of their own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
