## ASSIGNMENT

Serial No.

Filed:

**WHEREAS**, Brian J. Pelkey (hereinafter called "Assignor"), has made certain new and useful inventions or discoveries relating to:

Lubricant Systems for Hypodermic Needles and Method for Its Application

for which he/she has on the 10<sup>th</sup> day of April, 1998, executed an application for Letters Patent of the United States of America; and

**WHEREAS**, Becton Dickinson and Company, a corporation of the State of New Jersey, (hereinafter called "Assignee"), is desirous of acquiring the entire right, title, and interest therein:

**NOW, THEREFORE, BE IT KNOWN** that for and in consideration of the premises and in acknowledgment, confirmation and performance of obligations which arose out of the terms and conditions of Assignor's employment by Assignee at the time the invention was made, and/or other valuable considerations to him/her, the receipt and sufficiency of which are hereby acknowledged, Assignor has assigned and transferred, and does hereby assign and transfer unto said Assignee the entire right, title and interest in and to all said inventions and discoveries disclosed in said application whose identification above by serial number and filing date, when available, is hereby authorized, and in and to said application, all substitutions, divisions, and continuations thereof, and in and to all Letters Patent, United States and foreign, that may be granted for said inventions and discoveries, and in and to all extensions, renewals, and reissues thereof, the same to be held and enjoyed by said Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment and sale had not been made:

And Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States to issue said Letters Patent in accordance with this Assignment;

And for the consideration aforesaid, Assignor covenants and agrees with said Assignee that he/she has a full and unencumbered title to the inventions and discoveries above described and hereby assigned, which title he/she warrants unto said Assignee, its successors and assigns;

And for the consideration aforesaid, Assignor further covenants and agrees that he/she will, whenever requested, but without cost to himself/herself, promptly communicate to said Assignee or its representatives any facts known to him/her relating to said inventions and discoveries, testify in any interference or legal proceedings involving said inventions and discoveries, and execute any additional papers that may be necessary to enable said Assignee or its representatives, successors, nominees, or assigns to secure full and complete protection for the said inventions and discoveries or that may be necessary to vest in said Assignee the complete title to the said inventions and discoveries and patents hereby conveyed and to enable it to record said title.

**IN TESTIMONY WHEREOF**, Assignor has hereunto set his/her hand and seal this 10<sup>th</sup> day of April, 1998
