Name of Assignee: Transvascular, Inc., a California Corporation
Address of Assignee: 1505-D Adams Drive, Menlo Park, CA 94025
Title of United States Patent: Coronary Intravascular Ultrasound Imaging Method and Apparatus
United States Patent No: 5,193,546
Issue Date of Patent: March 16, 1993

1. In consideration of the sum of \$1.00 and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned agrees to sell, assign and transfer and does hereby sell, assign and transfer to the above-named Assignee, its successors and assigns, the entire and exclusive right, title and interest in and to the inventions claimed and described in the above-identified patent in the United States and throughout the world, and in and to any counterpart patents or patent applications and patents which may be granted and issued thereon in any and all countries, and in and to any continuations, divisions, reissues and extensions of said application(s) and patent(s) and all international priority rights associated therewith. The undersigned agree(s) to execute separate assignments in connection with such foreign patents and/or patent applications as the Assignee may deem necessary or expedient.
2. The undersigned agrees to execute all papers necessary in connection with any interference which may be declared concerning this application or continuation or division thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference.
3. The undersigned agrees to execute all papers and documents and perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.
4. The undersigned agrees to perform all affirmative acts which may be necessary to obtain a grant of a valid United States patent to the Assignee.
5. The undersigned hereby authorizes and requests the Commissioner of Patents to issue any and all Letters Patents of the United States resulting from any herein assigned patent applications or any division, continuing or reissue applications thereof to the Assignee, as Assignee of the entire interest, and hereby covenants that he has full right to convey the entire interest herein assigned, and that he has not granted, conveyed, or encumbered the interest assigned herein, nor has he executed any agreement in conflict herewith.
