23 **AGREEMENT**

24 WHEREAS, Assignor(s) are inventor(s) of an invention entitled
25 "Navigating Web-Based Content in a Television Based System," as described and
 claimed in the specification forming part of an application for United States letters
 patent referenced above;

 WHEREAS, Microsoft, a corporation of the State of Washington having a
 place of business at One Microsoft Way, Redmond, WA 98052, is desirous of

acquiring the entire right, title and interest in and to the invention and in and to any letters patent that may be granted therefor in the United States and in any and all foreign countries;

NOW, THEREFORE, in exchange for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor(s) hereby sell, assign and transfer unto Microsoft, the entire right, title and interest in and to said invention, said application and any and all letters patent which may be granted for said invention in the United States of America and its territorial possessions and in any and all foreign countries, and in any and all divisions, reissues and continuations thereof, including the right to file foreign applications directly in the name of Microsoft and to claim priority rights deriving from said United States application to which said foreign applications are entitled by virtue of international convention, treaty or otherwise, said invention, application and all letters patent on said invention to be held and enjoyed by Microsoft and its successors and assigns for their use and benefit and of their successors and assigns as fully and entirely as the same would have been held and enjoyed by Assignor(s) had this assignment, transfer and sale not been made. Assignor(s) hereby authorize and request the Commissioner of Patents and Trademarks to issue all letters patent on said invention to Microsoft. Assignor(s) agree to execute all instruments and documents required for the making and prosecution of applications for United States and foreign letters patent on said invention, for litigation regarding said letters patent, or for the purpose of protecting title to said invention or letters patent therefor.
