PATENT 0430

A S S I G N M E N T

For Ten Dollars (US\$10.00) and other valuable consideration, receipt of which is hereby acknowledged, the undersigned hereby:

Sells, assigns, and transfers to Schott Glaswerke ("Assignee"), a German corporation having an office at Hattenbergstrasse 10, 55122 Mainz, GERMANY, its successors, assigns and legal representatives, the entire right, title and interest in and to the inventions disclosed in the patent application entitled GAS BURNER WITH POLLUTION-REDUCING FEATURES executed by the undersigned on the date(s) marked on the related Declaration for Patent Application, including such application, all divisional, continuing, substitute, renewal and reissue applications, all other United States and foreign patent applications based in whole or in part on any of such applications, and all United States and foreign patents which issue (or have issued) on any of such applications;

Agrees that Assignee may apply for and receive such patents in its own name or in the name of the undersigned;

Agrees, as requested by Assignee, its successors, assigns or representatives, without expense to the undersigned or charge to anyone: to execute all such patent applications and all rightful documents in connection therewith; to communicate to said Assignee, its successors, assigns and legal representatives; and to carry out the intent of this Assignment by doing everything possible which Assignee, its successors, assigns or legal representatives may consider desirable to aid in securing and maintaining proper patent protection for such inventions and for vesting in Assignee, its successors, assigns or legal representatives title to such inventions and to all such patent applications and patents; and

Covenants with Assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed have been made to others by the undersigned, and that the undersigned possess full right to convey the same as here expressed.
