

## ASSIGNMENT

This Assignment made on July 1, 1998, by Maxwell Laboratories, Inc., Sierra Capacitor/Filter Division, a Delaware Corporation, Assignor, having a place of business at 5200 Sigstrom Drive, Carson City, Nevada 89706, to Maxwell Energy Products, Inc., a California corporation, Assignee, having a place of business at 9275 Sky Park Court, San Diego, California 92123-4303.

WHEREAS, Assignor is the owner of record of the following:

United States Patent Application Serial No. 08/751,903, entitled CAPACITOR WITH DUAL ELEMENT ELECTRODE PLATES, by Robert A. Stevenson, filed November 18, 1996;

WHEREAS, Assignee desires to acquire by formal, recordable assignment the entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW, THEREFORE, in consideration of the sum of Ten Dollars (\$10.00) and of other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, the entire right, title, and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such

foreign applications any priority rights to which such application are entitled under international conventions, treaties, or otherwise.

Further, Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, it will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing any Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignor represents and warrants that it has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment on the date written herein above.
