ASSIGNMENT

WHEREAS, the undersigned Benjamin Kelley of Redondo Beach, California has invented a new and useful GRIND PLATE which application papers for United States Design Letters Patent have been executed by him this day;

WHEREAS, the undersigned verily believe himself to be the original, first and sole inventor of the inventions set forth in said applications for Design Letters Patent; and

WHEREAS, the undersigned represents and warrants that he is the sole owner of the entire right, title and interest in and to said inventions and all Design Letters Patent that may be granted therefor, and that the same is free and clear of all encumbrances; and

WHEREAS, Artemis Innovations Inc., a California corporation, of Torrance, California is desirous of acquiring the entire right, title and interest in and to said inventions and all Design Letters Patent granted therefor in the United States and throughout the world;

NOW THEREFORE, in consideration of good and valuable consideration paid to the undersigned, receipt whereof is hereby acknowledged, the undersigned does hereby sell, assign, transfer and set over to Artemis Innovations Inc. his entire right, title and interest in and to said inventions and all improvements therein, and all Design Letters Patent which may be granted therefor in the United States and throughout the world, including the right to file foreign applications under the provisions of the International Convention directly in the name of the assignee.

The undersigned hereby agrees that upon request and without further compensation, but at no expense to himself, he will do all lawful acts, including the execution of

papers and the giving of testimony that may be necessary or desirable for obtaining, sustaining, reissuing and renewing United States Design Letters Patent and foreign Design Letters Patent for said inventions and all improvements therein, and for perfecting and maintaining the title of assignee and his successors to said inventions, and particularly in cases of interference and litigation.

The undersigned hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and all foreign countries to issue all Design Letters Patent based on said above-mentioned patent applications and all divisions, continuations, continuations-in-part and renewals thereof to the said Artemis Innovations Inc., its successors and assigns.

IN TESTIMONY WHEREOF, the undersigned has executed this instrument on the 1 day of June, 1998 at 7:45 PM,
Torrance, CA.
