ASSIGNMENT

This Assignment is made by Ronald M. Evans of La Jolla, California, Assignor, for himself and as agent for HOWARD HUGHES MEDICAL INSTITUTE, to THE SALK INSTITUTE FOR BIOLOGICAL STUDIES, Assignee, having a place of business at 10010 N. Torrey Pines Road, La Jolla, California 92037.

WHEREAS, Assignor has invented a new and useful invention entitled METHODS FOR THE USE OF INHIBITORS OF CO-REPRESSORS FOR THE TREATMENT OF NEOPLASTIC DISEASES for which an application for United States Letters Patent was filed on November 10, 1997, in the United States Patent and Trademark Office and assigned U.S. Serial No. 08/966,876 and identified as Attorney Docket No. SALK2110-1;

WHEREAS, Assignor believes himself to be one of the original inventors of the invention disclosed and claimed in said application for Letters Patent; and

WHEREAS, the party desires to have a recordable instrument assigning the entire right, title and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world;

NOW THEREFORE, in accordance with the obligations to assign the invention and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor sells, assigns, and transfers to Assignee, the entire right, title, and interest in and to said invention, said application and any Letters Patent that may be granted for said invention in the United States and throughout the world, including the right to file foreign applications directly in the name of the Assignee and to claim for any such foreign applications any priority rights to which such applications are entitled under international conventions, treaties, or otherwise.

Assignor agrees that, upon request and without further compensation, but at no expense to Assignor, he and his legal representatives

and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing, or enforcing Letters Patent in the United States and throughout the world for said invention, and for perfecting, recording, or maintaining the title of Assignee, its successors and assigns, to said invention, said application, and any Letters Patent granted for said invention in the United States and throughout the world.

Assignor represents and warrants that he has not granted and will not grant to others any rights inconsistent with the rights granted herein.

Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States and of all foreign countries to issue any Letters Patent granted for said invention, whether on said application or on any subsequently filed division, continuation, continuation-in-part or reissue application, to Assignee, its successors and assigns, as the assignee of the entire interest in said invention.

IN WITNESS WHEREOF, Assignor has executed this Assignment
on the date(s) provided below.
