In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, WE the undersigned, Louis Supino, Paul M. Romano, Larry D. King and German S. Feyh all of Colorado ("Assignor"), hereby sell, assign, and transfer to CIRRUS LOGIC, INC. a corporation of California, having a principal place of business at 3100 West Warren Avenue, M/S 521; Fremont, California 94538 ("Assignee") its successors, assigns and legal representatives, the entire right, title and interest for the United States and all foreign countries, in and to any and all improvements which are disclosed in the application for United States Letters Patent, which has been executed by the undersigned concurrently herewith and which we authorize our attorney to insert here in parentheses (Application number 08/912, 916, filed 8/15/92) the filing date and application number when known, and is entitled:

TITLE: Differential Phase Error Detector Using Dual Arm Correlation for Servo Tracking in an Optical Disk Storage Device

and in and to said application and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said improvements; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said improvements; and in and to all rights of priority resulting from the filing of said United States application.

The undersigned further agree that the said Assignee may apply for and receive Letters Patent for said improvements in its own name; and that, when requested, without charge to, but at the expense of, said Assignee, to carry out in good faith the intent and purpose of this Assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said Assignee, its successors, assigns, and representatives, all facts known to the undersigned relating to said improvements and the history thereof and do everything possible said Assignee, its successors, assigns, and representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements and all applications for patents and all patents on said improvements, in said Assignee, its successors, assigns, and representatives.
