ASSIGNMENT

WHEREAS, Winfield Medical [formerly known as Winfield Industries], a California corporation, having offices at 7737 Kenamar Court, San Diego, California 92121 ("Assignor"), has certain rights and title to those patents and patent applications set forth on the attached Schedule A (all such technology referred to herein as the "Technology/Intellectual Property"); and

WHEREAS, Winfield Environmental Company LLC, a California limited liability company, having offices at 520 South Andreason Avenue, Escondido, California 92029 ("Assignee"), is desirous of acquiring an interest in the Technology/Intellectual Property:

For good and valuable consideration, receipt of which is hereby acknowledged by Assignor, Assignor has assigned, and by these presents does assign, to Assignee all of Assignor's right, title and interest in and to the Technology/Intellectual Property and to all foreign counterparts (including patent, utility model and industrial designs), and all future improvements thereon, and in and to any Letters Patent and Registrations which may hereafter be granted on the same in the United States and all countries throughout the world; and further including: (i) all income, royalties and damages now and hereafter due and/or payable to Assignor, including without limitation, damages and payments for past or future infringements and misappropriations thereof; (ii) all rights to sue for past, present and future infringements or misappropriations thereof; and (iii) all rights corresponding to any of the above throughout the world. The right, title and interest is to be held and enjoyed by Assignee and Assignee's successors and assigns as fully and exclusively as it would have been held and enjoyed by Assignor had this assignment not been made for the full term of any Letters Patent and Registrations which may be granted thereon, or of any division, renewal, continuation in whole or in part, substitution, conversion, reissue, prolongation or extension thereof.

Assignor further agrees that Assignor will, upon payment by Assignee of reasonable costs and expenses to Assignor, (a) cooperate with Assignee in the prosecution of U.S. Patent applications and foreign counterparts on the Technology/Intellectual Property and any improvements, (b) execute, verify, acknowledge and deliver, or cause to be delivered, all such further papers, including patent applications and instruments of transfer and (c) perform such other acts as Assignee lawfully may request to obtain or maintain Letters Patent and Registrations for the Technology/Intellectual Property and improvements in any and all countries, and to vest title thereto in Assignee, or Assignee's permitted successors and assigns.

IN TESTIMONY WHEREOF, Assignor has caused this Assignment to be duly executed by its duly authorized officer on the date set forth below.

DATED: Feb 20, 1997
