INVENTION AND PATENT ASSIGNMENT

WHEREAS, I, **Robert T. Herold, Deborah A. L'Heureux, James F. Arbuckle, and Gregory S. Giroux**, each a citizen of the United States of America, have made an invention in a RECESSED-MOUNTED HOUSING for which I have executed an application for United States Letters Patent on April 6, 1998; (I hereby authorize my attorney authorized to prosecute said application to here insert the filing date and serial number of said application, when known; Filed April 16, 1998, Serial No. 09/061,687 _____);

WHEREAS, I represent and warrant that I am a joint owner of said invention and application for Letters Patent;

WHEREAS, Pelco, a partnership of the state of California, hereinafter referred to as "PELCO", is desirous of acquiring same;

NOW, THEREFORE, for good and valuable consideration, the receipt, sufficiency, and adequacy of which is hereby acknowledged by me, I have assigned, sold, transferred and set over and by these presents do assign, sell, transfer and set over unto PELCO my entire right, title, and interest in and to (a) said invention and world-wide rights therein, (b) said patent application, including all divisions, continuations, continuations-in-part and substitutions thereof, and (c) all United States and foreign patents which shall issue on said invention, including all reissues, renewals, and extensions thereof, for the United States, its territories and possessions, and all foreign countries, including the right to file applications for Letters Patent on said invention in any and all foreign countries, the same to be held and enjoyed by PELCO, its assigns and successors, as fully and entirely as the same would have been held and enjoyed by me, had this assignment and sale not been made;

I covenant and agree that I will, at any time upon the request and at the expense of PELCO, execute and deliver any and all papers and do all lawful acts that may be necessary or desirable, in the opinion of PELCO, to enable and assist PELCO to (a) obtain Letters Patent, both domestic and foreign, on said invention, (b) establish, maintain, and secure title in PELCO, its successors and assigns, to said invention, application, and Letters Patent, including making such title of lawful public record, (c) defend, establish, or otherwise preserve the validity of said Letters Patent against any and all infringers, and (d) perform such other acts as are necessary to give full force and effect to this Assignment;

I further covenant and agree that I have not previously assigned, granted, mortgaged, licensed, or otherwise affected the rights conveyed herein, that I have full right to convey my entire interest herein assigned, and that I will not execute any agreement in conflict herewith;

I hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America to issue all Letters Patent based on said application and

all said divisions, continuations, continuations-in-part, reissues, renewals, and extensions to PELCO, its successors and assigns.
