JOINT TO CORPORATE ASSIGNMENT FOR SINGLE INVENTOR

INVENTOR: Priscilla Fung

WHEREAS, the undersigned, Priscilla Fung,
a resident of 34869 Rumford Terrace, Union City, California 94587
(hereinafter termed "Inventor"), has invented or co-invented certain new and useful
improvements in:

**A UNIFORM OBJECT MODEL FOR AN
OBJECT ORIENTED ENVIRONMENT**

and has executed a declaration or oath for an application for a United States patent disclosing
and identifying the invention:

Said application having SC/Serial Number 09/067,061 and filed on April 27,
1998.

WHEREAS Oracle Corporation (hereinafter termed "Assignee"),
a corporation of the State of Delaware, having a place of business at
500 Oracle Parkway, Redwood Shores, State of California, wishes
to acquire the entire right, title and interest in and to said application and the invention
disclosed therein, and in and to all embodiments of the invention, heretofore conceived, made
or discovered by said Inventor (all collectively hereinafter termed "said invention"), and in and
to any and all patents, certificates of invention and other forms of protection thereon
(hereinafter termed "patents") applied for or granted in the United States and/or other
countries.

NOW THEREFORE, for good and valuable consideration acknowledged by said
Inventor to have been received in full from said Assignee:

1. Said Inventor does hereby sell, assign, transfer and convey unto said Assignee,
the entire right, title and interest which said inventor has (a) in and to said application and said
invention; (b) in and to all rights to apply in any and all countries of the world for patents,
certificates of inventions or other governmental grants on said invention, including the right
to apply for patents pursuant to the International Convention for the Protection of Industrial
Property or pursuant to any other convention, treaty, agreement or understanding; (c) in and
to any and all applications filed and any and all patents, certificates of inventions or other
governmental grants granted on said invention in the United States or any other country,
including each and every application filed and each and every patent granted on any application
which is a division, substitution, or continuation of any of said applications; (d) in and to each
and every reissue or extension of any of said patents; and (e) in and to each and every patent
claim resulting from a reexamination certificate for any and all of said patents.

2. Said Inventor hereby covenants and agrees to cooperate with said Assignee to
enable said Assignee to enjoy to the fullest extent the right, title and interest herein conveyed
in the United States and other countries. Such cooperation by said Inventor shall include

prompt production of pertinent facts and documents, giving of testimony, executing of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for complying with any duty of disclosure; (c) for prosecuting any of said applications; (d) for filing and prosecuting substitute, divisional, continuing or additional applications covering said invention; (e) for filing and prosecuting applications for reissue of any of said patents; (f) for interference or other priority proceedings involving said invention; and (g) for legal proceedings involving said invention and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, reexamination proceedings, compulsory licensing proceedings, infringement actions and court actions; provided, however, that the expense incurred by said Inventor in providing such cooperation shall be paid for by said Assignee.

3. The terms and covenants of this Assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventor, said Inventor's heirs, legal representatives and assigns.

4. Said Inventor hereby warrants and represents that said Inventor has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.
