For value received we, William W. Emery and Russell A. Fritts hereby sell, assign and transfer to the Better Sleep Mfg. Co., having its principal place of business at 80 Industrial Road, Berkeley Heights, New Jersey, as assignee, and its successors, assigns and legal representatives, the entire rights, title and interest, for all countries in and to certain inventions relating to:

Curved Corner Caddy Set

described in the U.S. Design Application filed August 3, 1998 and assigned Serial No. 29/091,601, and all the rights and privileges under any and all Design Patents that may be granted therefor.

We request that any and all patents for said invention be issued to said assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

We agree that, when requested, we will, without charge to said assignee but at its expense, sign all papers and take all rightful oaths for vesting title to and in said certain inventions in said assignee, its successors, assigns and legal representatives or nominees, and, for reasonable compensation from said assignee if not currently employed by said assignee, do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said certain inventions in any and all countries.

We authorize and empower the said assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said invention filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, Patent Cooperation Treaty, or any convention which may henceforth be substituted for them, and to invoke and claim such right of priority without further written or oral authorization from us.

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the said assignee or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, Patent Cooperation Treaty, or by any convention which may henceforth be substituted for them.

We covenant with said assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.

Dated this 14 day of September, 1998.

William W. Emery
