ASSIGNMENT

WHEREAS, Loudon Plastics, Inc. of Latham, New York ("Assignor") is the owner of the entire right, title and interest in and to United States Patent No. 5,400,556 issued March 28, 1995 entitled "Modular Step System and Method for Manufacture" and the invention(s) disclosed and claimed therein;

WHEREAS, Cookson Plastic Molding Corporation of 787 Watervliet-Shaker Road, Latham, New York 12110 ("Assignee") is desirous of acquiring the entire right, title and interest in said United States Patent No. 5,400,556;

NOW, THEREFORE, be it known by all whom it may concern, that for and in consideration of Ten Dollars (\$10.00) and other valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby sells, assigns and transfers to Assignee the entire right, title and interest in said United States Patent No. 5,400,556 and the invention(s) disclosed and claimed therein, and in and to all reissued patents which shall be issued on said invention(s); the interest in said patents to be held and enjoyed by the said Assignee for its own use and behoof, to the full end of the term for which said patent has been granted, as fully and entirely as the same would have been held by said Assignor had this assignment and sale not been made.

The undersigned has reviewed all the documents in the chain of title of the patent identified above and, to the best of undersigned's knowledge and belief, title is in the Assignor identified above.

The undersigned (whose title is supplied below) is empowered to sign this certificate on behalf of the Assignor.

The undersigned hereby declares that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
