Business Address of Assignee

(hereinafter referred to as "Assignee"), is desirous of acquiring the entire right, title and interest in and to the aforesaid application in which the invention is disclosed, described and claimed, in and to the above-identified invention for the United States of America and all countries foreign thereto, and in and to any and all Letters Patent to be issued for said invention in the United States of America and all countries foreign thereto, including any and all continuations, divisions, reissues, or extensions, of such application or Letters Patent;

**NOW, THEREFORE,** be it known that in consideration of the sum of One Dollar (\$1.00), as well as for other good and valuable consideration, the receipt of all of which is hereby acknowledged, I/We have bargained, sold and assigned, transferred and set over and by these presents do hereby bargain, sell, assign, transfer and set over unto Assignee, its successors, assigns or other legal representatives, the entire right, title and interest in and to the aforesaid application in which the invention is disclosed, described and claimed, in and to the above-identified invention for the United States of America and all countries foreign thereto, and in and to any and all Letters Patent to be issued for said invention in the United States of America and all countries foreign thereto, and any and all continuations, divisions, reissues, or extensions, of any such application or Letters Patent; the same to be held and enjoyed by said Assignee for its own use and on behalf of its successors, assigns, or other legal representatives, to the full end of the term or terms for which said Letters Patent may be granted, reissued, or extended as fully and entirely as the same would have been held and enjoyed by me/us, solely/jointly and severally, if this assignment and sale had not been made.

I/We agree(s) that I/we will at any time, upon request, execute and deliver any and all papers that maybe necessary or desirable to perfect the title to said invention, or any Letters Patents that may be granted therefor, in Assignee, its successors, assigns, or other legal representatives.

I/We agree(s) to execute all papers necessary in connection with this application and any continuing, divisional or reissue applications thereof and execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient.

**I/We agree(s) to execute all papers necessary in connection with any interference which may be declared concerning this application or continuation, division or reissue thereof and to cooperate with the Assignee in every way possible in obtaining evidence and going forward with such interference.**

**I/We agree(s) to perform all affirmative acts which may be necessary to obtain a grant of a valid United States Patent to the Assignee.**

**I/We do hereby authorize and request the Commissioner of Patents to issue any and all Letters Patents of the United States covering said invention, or resulting from the aforesaid application or any division or continuing or reissue applications thereof to the Assignee, as assignee of the entire right, title, and interest.**

**I/We do hereby covenant that I/we have the full right to convey the entire interest herein assigned, and that I/we have not executed, and will not execute, any agreement in conflict herewith.**

**In witness whereof, I/we have hereto set my/our hand and seal on the date(s) given below.**
