ASSIGNMENT

Whereas I, Yaakov Brody of Pikesville, Maryland,
have made a certain new and useful invention relating to

ARTICLES AND METHOD FOR KILLING TERMITES

for which I have executed an application for Letters Patent of the United States of America on October 23, 1998, which application is identified in the United States Patent and Trademark Office as Serial No. , filing date ; and

Whereas ENVIRONMENTAL LABORATORIES, INC.

of 4216 Old Milford Mill Road
Pikesville, Maryland 21208,

the Assignee, is desirous of acquiring the entire right, title, and interest in and to the invention, and the provisional patent application:

Now, therefore, for and in consideration of One Dollar, and other good and valuable considerations, paid to me, the receipt and sufficiency of which are acknowledged, I have sold, assigned, and set over and by these presents do sell, assign, and set over to the Assignee and the Assignee's legal representatives, successors, and assigns, the entire right, title, and interest in and to the invention, and the provisional patent application.

I authorize the Assignee and its agents to insert or to have inserted in this instrument the execution date and/or the filing date and serial number of my provisional patent application.

I convey to the Assignee the right to make application in its own behalf for protection of the invention in countries foreign to the United States and to claim under the International Convention for the Protection of Industrial Property (the Paris Convention), the Patent Cooperation Treaty, and any other international arrangements for any such patent application, claiming the filing date of the United States provisional patent application (or other patent applications, if there be any) in priority to other patent applications; and I covenant and agree with the Assignee that I will not execute any writing or do any act conflicting with this assignment, and that I will at any time, upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and will give all necessary assistance in making application for and obtaining original, divisional, renewal, reissued, reexamined or extended Letters Patent of the United States and of any and all foreign countries for the invention, in enforcing any rights or choses in action

accruing as a result of such patent applications or patents, for example, by executing preliminary statements and other affidavits and declarations, it being understood that this agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties.

In witness whereof, I have signed and sealed this assignment on
October 23, 1998

Yaakov Brody
