5,120,576	Impregnating Porous Inorganic Membrane with Reactive Inorganic Binder	6/9/92
5,221,484	Catalytic Filtration Device and Method	6/22/93

and

WHEREAS, CeraMem Separations, Inc., a Delaware corporation having its principal place of business at 12 Clematis Avenue, Waltham, Massachusetts 02154, United States of America, is desirous of acquiring the entire right, title and interest in, to and under the above-identified patents and to the inventions described therein throughout the world;

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, CeraMem Separations Limited Partnership does hereby sell, assign and transfer, unto CeraMem Separations, Inc., its successors, assigns and other legal representatives, the entire right, title and interest in, to

and under the above-identified patents and the inventions described therein, including any reissue or reissues of said patents already granted, any divisions, continuations, continuations-in-part of said patents, and any foreign patents, patent applications, and priority claiming rights respecting such inventions, all of said rights to be held and enjoyed by CeraMem Separations, Inc. for its own use and for the use of its successors, assigns and other legal representatives to the full end of the term for which said patents shall have been granted or may be granted, as fully and entirely as the same would have been held and enjoyed by CeraMem Separations Limited Partnership had this assignment and sale not been made.

IN TESTIMONY WHEREOF, CeraMem Separations Limited Partnership, intending to be legally bound, has hereunto affixed its authorized signature this 2nd day of February, 1994.
