have made new and useful improvements in the invention
entitled **MEASURING DEVICE**, the specification of which was
filed as International Application Number PCT/DE97/01726 on
the 14th day of August, 1997, and

WHEREAS Robert Bosch GmbH, having a place of
business at Postfach 30 02 20, D-70442 Stuttgart, Federal
Republic of Germany, and who, together with its successors
and assigns, is hereinafter called "Assignee," is desirous of
acquiring the title, rights, benefits, and privileges
hereinafter recited,

NOW, THEREFORE, for valuable consideration furnished
by Assignee to us, receipt and sufficiency of which we hereby
acknowledge, we hereby, without reservations:

1. Assign, transfer, and convey to Assignee the
entire right, title, and interest in and to said inventions
and discoveries, said application for Letters Patent of the
United States of America, any and all other applications for
Letters Patent on said inventions and discoveries in any and
all countries, including all divisional, renewal, substitute,
continuation, and Convention applications based in whole or

in part upon said inventions or discoveries, or upon said applications, and any and all Letters Patent, reissues, and extensions of Letters Patent granted for said inventions and discoveries or upon said applications, and every priority right that is or may be predicated upon or arise from said inventions, said discoveries, said applications, and said Letters Patent.

2. Authorize Assignee to file patent applications in any or all countries for any or all of said inventions and discoveries in our names or in the name of Assignee or otherwise as Assignee may deem advisable, under an International Convention or otherwise.

3. Authorize and request the Commissioner of Patents and Trademarks of the United States of America and the empowered officials of all other governments to issue or transfer all said Letters Patent to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct.

4. Warrant that we have not conveyed to others any right, title, or interest in said inventions, discoveries, applications, or patents or any license to use the same or to make, use, or sell anything embodying or utilizing any of said inventions or discoveries; that we have good right to assign the same to Assignee without encumbrance; and that we are aware of no claim to the contrary.

5. Bind our heirs, legal representatives, and assigns, as well as ourselves, to do, upon Assignee's request and at Assignee's expense, but without additional consideration to us or them, all acts reasonably serving to assure that the said inventions and discoveries, the said patent applications, and the said Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by us, our heirs, legal representatives, and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be

requested by Assignee; to communicate to Assignee all facts known to us relating to said inventions and discoveries or the history thereof; to furnish Assignee with any and all documents, photographs, models, samples, and other physical exhibits in our control or in the control of our heirs, legal representatives, or assigns which may be useful for establishing the facts of our conceptions, disclosures, and reduction to practice of said inventions and discoveries; and to testify to the same in any interference, arbitration, or litigation.

IN TESTIMONY WHEREOF, we have hereunto set our hands
