In consideration of good and valuable consideration, the receipt and sufficiency of which is acknowledged, I, Paul Cacioli, hereby agree to assign, and do hereby assign to Ansell Healthcare Products Inc., a corporation of State of Delaware, having a principal place of business in Massillon, Ohio, and to its successors, legal representatives and assigns (the "Assignee"), the entire right, title and interests throughout the world in and to the invention and improvements in "Elastomeric Articles" invented by me, together with the patent rights and rights of protection to the invention or improvements throughout the world, including any patent rights which may result or claim priority from United States Patent Application Serial No. 08/989,704, filed 12 December 1997, and in and to any and all divisional, continuation, reissue, reexamination, renewal, extension, substitution and confirmation applications and patents granted thereon, to be held and enjoyed by the Assignee for its own use and behalf as fully and entirely as if the invention or improvements would have been held and enjoyed by me if this Assignment had not been made.

I warrant that I am an owner of the interests assigned herein and have the right to make this Assignment. I further warrant that there are no prior sales, assignments, leases, agreements or any encumbrances of any type in the interests assigned herein. I agree that I will not execute any writing or do any act whatsoever which conflicts with the interests assigned herein.

I authorize Assignee to make application on its own behalf for patent rights and rights of protection in countries foreign to the United States and where expedient to claim under international law or convention or the laws of any particular country (such as the International Convention for the Protection of Industrial Property) for any such application the date of the United States application as priority to such other application. I further authorize Assignee to claim under international law or convention or the laws of any particular country such priority rights without further written or oral authorization from me. I consent that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document that may be required under international law or convention or the laws of any particular country for any purpose, including the right of Assignee to claim such priority rights.

I agree to promptly provide Assignee all pertinent facts and documents relating to the invention of which I know or of which I in the future become aware.
