ASSIGNMENT AND AGREEMENT

FOR VALUE RECEIVED, We, Wolfram Hellmich, of Westermeierstr. 31, 81829 Munchen, Federal Republic of Germany, a citizen of the Federal Republic of Germany; Todd D. Craft, of 3608 125th Street, Kenosha, Wisconsin 53142, United States of America, a citizen of the United States of America; Gregory J. Binversie, of 162 Prairieview Avenue, Grayslake, Illinois 60030, United States of America, a citizen of the United States of America; and Philip J. Bylsma, of 3380 Burlawn Parkway, Brookfield, Wisconsin 53005, United States of America, a citizen of the United States of America, hereby sell, assign and transfer to FICHT GmbH & Co. KG, a corporation duly organized and existing under the laws of the Federal Republic of Germany, and having its principal place of business at Spannleitenberg 1, D-85614 Kirchseeon, Federal Republic of Germany, as assignee, and its successors, assigns and legal representatives, the entire right, title and interest, an Application for Letters Patent of the United States executed by us of even date herewith relating to an Improved Time Delay Ignition Circuit For An Internal Combustion Engine claiming the benefit of the International Application Serial No. PCT/US97/10636, filed June 20, 1997, and U.S. Provisional Application Serial No. 60/020,032, filed June 21, 1996 and all the rights and privileges under any and all Letters Patent that may be granted therefor.

We request that any and all patents for said inventions be issued to said assignee, its successors, assigns and legal representatives, or to such nominees as it may designate.

We agree that, when requested, we will, without charge to said assignee but at its expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in said assignee, its successors, assigns and legal representatives or nominees.

We authorize and empower the said assignee, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from us.

We hereby consent that a copy of this assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of the said assignee or nominee to claim the aforesaid benefit of

the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

We covenant with said assignee, its successors, assigns and legal representatives, that the rights and property herein conveyed are free and clear of any encumbrance, and that we have full right to convey the same as herein expressed.
