ASSIGNMENT

WHEREAS I, Loc Yu, residing at 3960 Arizona Street #7, San Diego, CA 92104, have invented certain new and useful improvements in **Emergency Call Number Identification In A Wireless Telephone**, and have executed therefore an Application for Letters Patent of the United States which may identified in the United States Patent and Trademark Office as Serial No. 08/_____, filed _____, 1998, it being understood that the terms "Application" and "Application for Letters Patent" as used herein include both provisional and non-provisional applications.

WHEREAS, Uniden San Diego Research & Development Center, Inc. (hereinafter "Assignee"), a California corporation, having a principal place of business at 5808 Pacific Center Boulevard, San Diego, California 92121, desires to acquire the entire right, title, and interest in and to said invention, said Application, and the Letters Patent to be obtained therefor:

NOW, THEREFORE, for and in consideration of One Dollar and other good and valuable consideration paid to me, the receipt and sufficiency of which are hereby acknowledged, I have sold, assigned, and transferred and do hereby sell, assign, and transfer to Assignee and Assignee's legal representatives, successors and assigns, the entire right, title, and interest in and to said invention, said Application, and the Letters Patent, both foreign and domestic, that may or shall issue thereon; and I do hereby authorize and request the Commissioner of Patents and Trademarks to issue said Letters Patent to the above-mentioned Assignee in accordance with the terms of this Assignment.

I hereby authorize the above-mentioned Assignee or its legal representative to insert in this instrument the filing date and serial number of said Application or any other information that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office for recordation of this document.

Upon said consideration, I convey to Assignee the right to make application in its own behalf for protection of said invention in countries foreign to the United States and where expedient to claim under the International Convention or other international arrangement for any such application the date of the United States application (or other application if any there be) in priority to other applications; and I do hereby covenant and agree with Assignee that I will not execute any writing or do any act whatsoever conflicting with these presents, and that I will at any time upon request, without further or additional consideration, but at the expense of Assignee, execute such additional assignments and other writings and do such additional acts as Assignee may deem necessary or desirable to perfect Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, continuation-in-part, renewal, reissued or extended Letters Patent of the United States or of any and all foreign countries on said invention, and in enforcing any rights or chose in action accruing as a result of such applications or patents, by giving testimony in any proceedings or transactions involving such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind and inure to the benefit of the assigns and legal representatives of both parties.
