PATENT ASSIGNMENT

This PATENT ASSIGNMENT (this "Patent Assignment") is made as of the 30th day of October, 1998 from CAVANAGH CORPORATION, a Delaware corporation ("Assignor"), to SERICOL LIMITED, a United Kingdom company ("Assignee").

WHEREAS, Assignor, Assignee and Sericol, Inc., a Delaware corporation, have entered into that certain Asset Purchase Agreement, dated as of September 4, 1998 (such agreement, as it may be amended from time to time, the "Asset Purchase Agreement"), incorporated herein, pursuant to which Assignor agreed to sell to Assignee, and Assignee has agreed to purchase from Assignor, certain assets of Assignor; and

WHEREAS, in accordance with the Asset Purchase Agreement, Assignor desires to assign to Assignee all right, title and interest in and to all inventions and related patents, design registrations and patent applications identified on Schedule A, attached hereto and incorporated herein, and the underlying inventions disclosed therein (collectively, the "Patents"), together with any and all goodwill of the business associated with the Patents; and

WHEREAS, Assignee desires to acquire all right, title and interest in and to the Patents in connection with the Asset Purchase Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee hereby agree as follows:

1. Assignor shall and hereby does sell, assign, convey, transfer and set over to Assignee, its successors, legal representatives and assigns all right, title and interest in and to the Patents, throughout the world, together with (i) any and all Letters Patent, both foreign and domestic, that are or may be granted therefrom, including, without limitation, any reissues, reexaminations, continuing applications, continuations, divisions, renewals, extensions and continuations-in-part of the Patents (collectively, "Assigned Patents"), and (ii) all rights and privileges pertaining to the Assigned Patents, including, without limitation, all proceeds therefrom and all infringement and other claims, causes of action and demands arising under the Assigned Patents prior to, on or after the effective date of this Patent Assignment.

2. Assignor shall and hereby does request the Commissioner of Patents and Trademarks of the United States to record Assignee as the assignee and owner of the Assigned Patents.

3. Assignor further agrees, without further consideration, to cause to be performed such lawful acts and to be executed such further assignments and other lawful documents as Assignee may from time to time request to effect fully this Patent Assignment and to permit Assignee to maintain, enforce, and be duly recorded as the registered owner of the Assigned Patents and all other rights hereby conveyed.

IN WITNESS WHEREOF, the parties have caused this Patent Assignment to be duly executed by their respective authorized representatives, all as of the day and year first above written.
