ASSIGNMENT BY JOINT INVENTORS

WHEREAS, we, the undersigned, hereby referred to as Assignors, have invented jointly with Edward R. Schulak an invention in **ENERGY TRANSFER SYSTEM FOR REFRIGERATOR/FREEZER COMPONENTS** for which we have made United States application for patent on October 30, 1998, under Application Serial No. 09/183,743; and

WHEREAS, Edward R. Schulak, hereinafter referred to as Assignee is desirous of acquiring interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt whereof is hereby acknowledged, Assignors by these presents do sell, assign and transfer unto Assignee, and his successors in interest, Assignors' full and exclusive right in the United States of America and all foreign countries, including the right to claim priority under the laws of the United States and the Paris Convention, to the said invention as described in the patent application identified hereinabove, said invention and all United States applications for patent and all Letters Patent therefor, to be held and enjoyed by Assignee, to the full end of the term for which said Letters Patent are granted and any extensions thereof, as fully and entirely as the same would have been held by Assignors had this assignment and sale not been made; and Assignors hereby covenant and agree to execute all instruments or documents required or requested for the making and prosecution of United States application for patent and all foreign countries on, for litigation regarding, or for the purpose of protecting title to, the said invention, the United States application for patent, or Letters Patent therefor for the benefit of Assignee without further or other compensation than that above set forth; and Assignors hereby request the Commissioner of Patents and Trademarks to issue said Letters Patent of the United States of America to Assignee.
