(full name and address, including postal code, of assignee)

(hereinafter referred to as Assignee) is desirous of acquiring the entire right, title, and interest in and
under the invention described in the application for Letters Patent.

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN: Be it known that for good and valuable
considerations, the receipt and sufficiency of which are hereby acknowledged, we have assigned and set
over, and by this document do assign and set over, to the Assignee and the Assignee's legal
representatives, successors and assigns the entire right, title, and interest in and to the invention in the
United States the applications for Letters Patent and other such applications (e.g., continuations,
continuations-in-part, divisionals and reissues) in the United States, and the Letters Patent, or extensions
thereof, that may or shall issue thereon; and we do hereby authorize and request the Commissioner of
Patents and Trademarks to issue the Letters Patent to the above-mentioned Assignee agreeably with the
terms of this Assignment.

WE HEREBY AUTHORIZE the above-mentioned Assignee to insert in this assignment document
the filing date and serial number of the application if the date and number are unknown at the time this
assignment is executed.

WE DO HEREBY COVENANT and agree with the Assignee that we will not execute any writing or do any act whatsoever conflicting with the terms of this assignment document set forth herein, and that we will at any time upon request, without further or additional consideration, but at the expense of the Assignee, execute such additional assignments and other writings and do such additional acts as the Assignee may deem necessary or desirable to perfect the Assignee's enjoyment of this grant, and render all necessary assistance in making application for and obtaining original, divisional, continuation, renewal, reissued, or extended Letters Patent of the United States or of any and all foreign countries on the invention, and in enforcing any rights or choses in action accruing as a result of such applications or patents, and by executing preliminary statements and other affidavits, it being understood that the foregoing covenant and agreement shall bind, and inure to the benefit of, the assigns and legal representatives of both parties.
