UNITED STATES PATENT ASSIGNMENT

In consideration of One Dollar (\$1.00) and other valuable consideration paid, the receipt and legal sufficiency is hereby acknowledged, BBA Nonwovens Simpsonville, Inc., a Delaware corporation having a principal place of business at 840 S.E. Main Street, Simpsonville, S.C. (the "Assignor") hereby sells, assigns, and transfers to Hollingsworth & Vose Company, a Massachusetts corporation having a principal place of business at 112 Washington Street, East Walpole, MA 02032, its successors, assigns, and legal representatives (collectively the "Assignee"), all of Assignor's right, title and interest for the United States of America and all foreign countries, in and to any and all inventions which are disclosed in the United States Patents and Patent Applications listed on Schedule 1 hereto, and in and to said applications and all divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent which have been or shall be filed on any of said inventions in the United States of America and all foreign countries; and in and to all original and reissued patents which have been or shall be issued on said inventions in the United States of America and all foreign countries, including, without limitation, the right to apply for patent rights in each country and all rights to priority, and including all rights to sue and recover for past infringement of said patents, patent applications and the inventions disclosed therein.

Assignor agrees that Assignee may apply for and receive Letters Patent for said inventions in Assignee's own name and when requested, without charge to, but at the expense of Assignee, Assignor agrees promptly to carry out in good faith the intent and purpose of this Assignment by (i) executing all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions, (ii) by executing all rightful oaths, assignments, powers of attorney and other documents, (iii) by communicating to Assignee all facts known to Assignor relating to said inventions and the history thereof, and (iv) generally by doing everything possible which Assignee shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and for vesting title to said inventions and all applications for patents on said inventions in Assignee.

Assignor covenants with Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to any third party by Assignor and that full right to convey the same as herein expressed is possessed by Assignor.

IN WITNESS WHEREOF, Assignor has executed and delivered this Assignment under seal as of January 8, 1999.
