PATENT ASSIGNMENT

FOR VALUE RECEIVED, the receipt, adequacy, and sufficiency of which are hereby acknowledged, CYTOMED, INC. ("CYTOMED") does hereby assign, transfer, and convey unto UCB FARCHIM, S.A. ("UCB") its successors and assigns, CYTOMED's full, exclusive and worldwide right, title and interest (if any) in and to the patent applications, and to and under any and all Letters Patent which may be granted on or as a result thereof in any and all countries, said patents and patent applications identified in Schedule A attached hereto, including any continuation, division, reissue or extension thereof in the United States of America, in the territorial possessions of the United States of America and in any country foreign to the United States of America, including any and all rights to injunctive relief, damages or profits, due or accrued, arising out of past infringement of the patents and the right to sue for any to recover the same in UCB's own name.

CYTOMED hereby authorizes and requests the Commission of Patents and Trademarks in the United States of America and the respective Patent Office officials in any country foreign to the United State of America, to issue said Letters Patent to UCB, or its designated successors and assigns, as the assignee of CYTOMED's entire right, title and interest to and under the same.

CYTOMED, its successors and assigns, hereby agree to execute any lawful document and to testify as to any material fact which UCB, its successors and assigns may deem necessary in order to secure unto itself, its successors and assigns the full right, title and interest in and to, and the full enjoyment of, said inventions or any part thereof any Letters Patent, the same to be done without any further consideration.

Executed as an instrument under seal this 23rd day of October, 1998.
