ASSIGNMENT

WHEREAS, the Assignors, Michael McLane and Maxine L. Duckworth n.k.a. Maxine L. McLane, having a residence address at 17434 Rancho de La Angel, Ramona, CA 92065, having made an invention for a "Traction Device with a Self Clamping Retainer", as a patent application filed in the United States Patent Office on August 16, 1994, obtaining Application No. 291,363 and issuing into United States Letters Patent No. 5,466,205 on November 14, 1995;

NOW, therefore, to all whom it may concern: Be it known that for good and valuable consideration, receipt of which is acknowledged, the Assignors have agreed to assign and transfer and do hereby assign and transfer unto Body Technologies LLC, a limited liability company of California, having its principal office at 17434 Rancho de La Angel, Ramona, CA 92065, its successors and assigns, the entire right, title and interest in and to the said invention and application, and in and to any division, continuation or continuation-in-part, of said application, and in any and to all Letters Patent and reissues and extensions thereof, of the United States and countries foreign thereto (including the right to apply for Letters Patent in foreign countries in its own name and to claim any priority rights for such foreign applications to which such applications are entitled under international conventions, treaties, or otherwise), which have been or may be granted on any of the foregoing to be held and enjoyed as fully and exclusively as they would have been by the Assignors had this assignment and transfer not been made;

The Assignors further agree to execute and deliver promptly without further consideration any further applications, assignments and documents, and all pertinent facts relating to said application, said invention and said Letters Patent, as may be known and accessible and will testify as to same in any interference or litigation related thereto, and to perform such other acts as lawfully possible, that may be deemed necessary by said Body Technologies LLC and its successors, assigns, and nominees, fully to secure its interest as aforesaid and to obtain or maintain Letters Patent in any and all countries;

The Assignors hereby covenant that no assignment, transfer, sale, agreement or encumbrance has or will be made or entered into which would conflict with this assignment and transfer;

The Assignors hereby authorize and request the Commissioner of Patents to issue any and all Letters Patent which may be granted upon said application, to said Body Technologies, L.L.C., the Assignee of the entire interest therein.

The Assignors have hereunto signed his/her names on the day and year set forth below.
