PATENT ASSIGNMENT

WHEREAS, WOUND HEALING OF OKLAHOMA, INC., an Oklahoma corporation having a place of business at 3939 North Walnut, Oklahoma City, Oklahoma 73105 ("Assignor"), is the owner of all rights in certain United States Letters Patent(s) and application(s) which are described in detail in Schedules A and B incorporated in this Assignment and those foreign patents and foreign patent applications which are described in detail in Schedules C and D in this Assignment; and

WHEREAS, PREMIER LASER SYSTEMS, INC., a California corporation having a place of business at 3 Morgan, Irvine, California 92618 ("Assignee"), is desirous of obtaining the entire right, title, and interest in, to and under the aforesaid patent(s) and application(s):

1. NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, Assignor has sold, assigned, transferred, and set over, and by these presents does hereby sell, assign, transfer, and set over unto Assignee, all of the above patent(s) and application(s) more fully described in the aforesaid schedules, for its own use and benefit, and for the use and benefit of its successors, legal representatives, and assigns, including:

(a) The entire right, title and interest in and to the United States Letters Patent(s) and application(s) as listed in Schedules A and B annexed hereto and made a part hereof, including all divisionals, continuations and continuations-in-part thereof, all patent applications claiming priority therefrom, and all patents which may be granted thereon, all rights of priority therein, all reissues and re-examinations and extensions thereof, and in and to the inventions disclosed therein;

(b) The entire right, title and interest in and to foreign patent(s) and application(s) as listed in Schedules C and D annexed hereto and made a part hereof, including all divisionals, continuations and continuations-in-part thereof, and all patents of any country which may be granted thereon and reissues, renewals and extensions thereof, all rights of priority therein, and all applications for industrial property protection, which may hereafter be filed that correspond to the existing patents or applications in Schedules A, B, C or D, including without limitation, all applications for patents, utility models, and designs; together with the right to file such applications and the right to claim priority from prior applications under the patent laws of the United States or other countries under the International Agreement for the Protection of Industrial Property, or any other international agreement, or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including without limitation, patents, applications, utility models, inventors' certificates, and designs which may be granted for said patents, and all extensions, renewals and reissues thereof; and

(c) The entire right, title and interest in all claims for damages and all remedies arising out of any violation or infringement of any issued Letters Patent identified on Schedule A or Schedule C hereto or of any patent granted in connection with the applications listed on Schedule B or Schedule D, that may have occurred before the date hereof,

AND ASSIGNOR HEREBY authorizes and requests the Commissioner of Patents and Trademarks of the United States, and any official of any country or countries foreign to the United States whose duty it is to issue patents or other evidence or forms of industrial property protection on application as aforesaid, to issue the same to Assignee in accordance with the terms of this instrument;

AND ASSIGNOR HEREBY further covenants and agrees that it will do everything reasonably possible to aid Assignee, its successors, legal representatives, and assigns to obtain patents and other industrial property protection of said inventions and any continuations-in-part thereof in all countries at Assignee's sole expense;

AND ASSIGNOR FURTHER WARRANTS THAT: it is the true and lawful owner of all properties listed on Schedule A through D, and that it will execute all assignments for recordation of the conveyances recited as being appropriate in various countries herein.

2. This Patent Assignment is expressly made subject to the terms and provisions of the Agreement in Principle which was executed by Assignor and Assignee on March 4, 1998.

IN WITNESS WHEREOF, Assignor has caused these presents to be signed and duly authorized this 5th day of March, 1998.
