ASSIGNMENT  
(joint inventors)

We are the joint inventors whose names and residences are listed below:

1. **Steven Charles Miller**, a resident of Pewaukee, WI and Country of U.S.A.
2. **Anne Lindsay Hall**, a resident of the City of New Berlin, WI and Country of U.S.A.

We have jointly made an invention comprising certain new, useful, and nonobvious improvements in **COLOR FLOW IMAGING FOR ENHANCING SEGMENTATION AND FLOW DYNAMICS**

Said invention is described or intended to be described and set forth in the patent application presently identified as Docket No. **15-UL-4821**, which was filed on December 31, 1998 as application Number 09/224,940.

**General Electric Company**, a corporation organized and existing under and by virtue of the laws of the State of New York, having a place of business at **1 River Road, Schenectady, New York 12345**, U.S.A. (hereinafter: "said assignee"), desires to acquire the entire right, title, and interest in and to said invention, said application, and any Letters Patent which may be granted for said invention, said application, and any and all divisions, continuations, continuations-in-part, reissues, reexamination certificates, and extensions thereof.

We warrant and represent that we conceived said invention ourselves, that no one other than us is a joint inventor of said invention, and that neither we nor any of us have assigned or agreed to assign any rights in said invention or said application to anyone other than said assignee or a predecessor in interest to said assignee.

NOW, THEREFORE, in consideration of one dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, we hereby assign to said assignee, its successors and assigns, the entire worldwide right, title, and interest in and to said invention, said application, and any Letters Patent which may be granted for said invention, said application, and any and all divisions, continuations, continuations-in-part, reissues, reexamination certificates, substitutes, and extensions of said application (each of which is included herein as a part of "said application"), including but not limited to all our United States and other national rights to said invention and said application and all our rights under the Paris Convention for the Protection of Industrial Property and all other applicable treaties or laws in respect to said invention and said application.
