## PATENT ASSIGNMENT

**THIS ASSIGNMENT** is made by Origin Medsystems, Inc., a corporation organized under the laws of the State of Delaware, having its principal office at 1360 O'Brien Drive, Menlo Park, California 94025 ("Origin"); (the "Assignor") to **APPLIED MEDICAL RESOURCES CORPORATION**, a California corporation having a principal place of business at 26051 Merit Circle, #103, Laguna Hills, California 92653 (the "Assignee").

**WHEREAS**, Assignor and Assignee have entered into a Transfer of Asset Agreement dated March \_\_, 1999 (the "Agreement"), pursuant to which Assignor has agreed to assign certain assets to Assignee including the patents and patent applications listed on Exhibit 1 hereto;

**NOW, THEREFORE**, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and convey to Assignee the entire right, title and interest in and to the patents and patent applications listed on Exhibit A hereto and all foreign counterparts thereof (the "Rights"), including all inventions and improvements described and claimed therein; all patentable inventions; all reissues, divisions, continuations, renewals, extensions and continuations-in-part or any of the foregoing; all income, royalties, damages or payments now and hereafter due and/or payable under any of the foregoing with respect to any of the foregoing, including, without limitation, damages or payments for past or future infringements of any of the foregoing; and the right to sue for past, present and future infringements of any of the foregoing throughout the world. All such Rights are to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of Assignee's successors and assigns to the full end of the terms for which such Rights may be granted as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment, transfer, conveyance and sale had not been made.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all letters patent of the United States on inventions or resulting from applications included within the Rights to Assignee, and hereby covenants that it has the full right to convey the entire interest herein assigned, and that it has not executed, and will not execute any agreement in conflict herewith.

IN WITNESS WHEREOF, the Assignor and Assignee have executed this Assignment as of the 5<sup>th</sup> day of March, 1999.
