PART 1
ASSIGNMENT

For good and valuable consideration, I, Paul G. Wright of 1745 140th, Garland, Nebraska 68360-9322 hereby sell, assign and transfer to Isco, Inc., a corporation of the State of Nebraska, having a place of business at 4700 Superior Street, Lincoln, Nebraska 68504, its successors, assigns and legal representatives, my entire joint right, title and interest for the United States and all foreign countries, in and to any and all improvements and inventions which are disclosed in the application for United States Letters Patent, serial no. 09/224,067, filed December 31, 1998, and is entitled WATER IMPURITY ANALYZER, and in and to said application and all divisional, continuing, substitute, renewal, reissue and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said improvements and inventions; and in and to all original and reissued patents which have been or shall be issued in the United States and all foreign countries on said improvements and inventions;

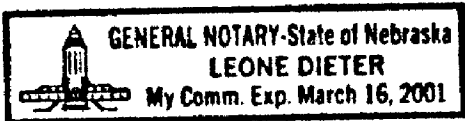

Agree that said assignee may apply for and receive Letters Patent for said improvements and inventions in its own name; and that, when requested, without charge to but at the expense of said assignee, its successors, assigns and legal representatives, to carry out in good faith the intent and purpose of this assignment, the undersigned will execute all divisional, continuing, substitute, renewal, reissue and all other patent applications on any and all said improvements and inventions; execute all rightful oaths, assignments, powers of attorney and other papers; communicate to said assignee, its successors, assigns and representatives, all facts known to the undersigned relating to said improvements and inventions and the history thereof; and generally do everything possible which said assignee, its successors, assigns or representatives shall consider desirable for aiding in securing and maintaining proper patent protection for said improvements and inventions and for vesting title to said improvements and inventions and all applications for patents and all patents on said improvements and inventions, in said assignee, its successors, assigns and legal representatives; and

Covenant with said assignee, its successors, assigns and legal representatives that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned and that full right to convey the same as herein expressed is possessed by the undersigned.
