WHEREAS, InterGO Communications, Inc. (hereafter "InterGO"), a Texas corporation, having an address of 505 Standish Road, Teaneck, New Jersey 07666, is the owner of U.S. Patent Application Serial No. 08/725,342, filed October 1, 1996 entitled "Rating Information Retrieved From a Computer Network" and the invention described and claimed therein (hereafter the "Patent Property"); and

WHEREAS, Baker & Botts, L.L.P. (hereafter "Assignee"), a Texas Limited Liability Partnership, having an address of 2001 Ross Avenue, Dallas, Texas 75201, did acquire all right, title and interest in and to the Patent Property as the result of an assignment effective February 21, 1999 (the "Effective Assignment Date").

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, InterGO does hereby sell, assign, transfer and set over to Assignee, all its right, title and interest in and to the Patent Property, as well as all provisionals, continuations, divisions, and continuations-in-part of said Patent Property, and all reissues and extensions thereof, the same to be held and enjoyed by Assignee for its own use and benefit, and for the use and benefit of its successors, assigns, or legal representatives, to the end of the term or terms for which such Patent Property may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by InterGO if this assignment and sale had not been made.

InterGO also assigns to Assignee, all right, title and interest in and to the invention disclosed in said Patent Property throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said Patent Property in its own name throughout the world, including all rights to publish cautionary notices reserving ownership of said inventions and all rights to register said Patent Property in appropriate registries; and all rights to sue and recover for damages by reason of past infringement of such Patent Property; and InterGO further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee.

Assignor also assigns unto Assignee all claims for damages by reason of infringement prior to the assignment date of the Patent Property throughout the world, with the right to sue for and collect the same for its own use and benefit, and for the use and benefit of its successors, assigns and other legal representatives.
