ASSIGNMENT

WHEREAS, we T. Stuart Meloy, a citizen of the United States of America, and W. Joseph Martin, a citizen of the United States of America, have invented certain new and useful improvements for **SPINAL CORD STIMULATION** for which we are about to make application for Letters Patent of the United States, for which we have executed a Declaration on the 21st day of April, 1999; and whereas T. Stuart Meloy and W. Joseph Martin are desirous of acquiring the interest therein to be held jointly;

NOW, THEREFORE, in consideration of One Dollar and other good and valuable consideration, the receipt of which is hereby acknowledged, we, T. Stuart Meloy and W. Joseph Martin, by these presents do sell, assign, and transfer unto T. Stuart Meloy and W. Joseph Martin, our undivided one-half interest in and to the full and exclusive right of said invention, to be held jointly without the right of survivorship, for the territory of the United States of America, and for all foreign countries; the full and exclusive rights in and to said invention, application, and Letters Patent to be held and enjoyed jointly by the said T. Stuart Meloy and W. Joseph Martin, for their own use and behoof, and for their successors to the full end of the term for which said Letters Patent in any country may be granted, as fully and entirely as the same would have been held jointly by T. Stuart Meloy and W. Joseph Martin had this assignment and sale not been made.

The parties further convent and agree that neither party will assign or license to third parties the above-described invention, application, and Letters Patent under this agreement without written approval of both Meloy and Martin, and that they will share equally all proceeds

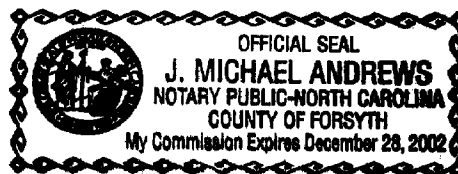

form the assignment and/or licensing of this invention. Further, upon the demise of either party,
his share shall become the property of his heirs.

Executed this 21st day of April, 1999.

T. Stuart Meloy
