ASSIGNMENT

WHEREAS, I, Gilmar CALDEIRA, citizen of Brazil, residing at 1028 Antonio Furlan Jr. Street, Sertaozinho, Brazil have made new and useful improvements in **SYSTEM AND METHOD FOR DETERMINING A DENSITY OF A FLUID** for which application for Letters Patent of the United States was filed on February 19, 1999, as U.S. patent application serial no. 09/253,830 and

WHEREAS, SMAR RESEARCH CORPORATION, whose address is 10 Drew Court, Suite 9, Ronkonkoma, N.Y. 11779, and who, together with its successors and assigns is hereinafter called "Assignee", is desirous of acquiring the entire right, title and interest in and to the application and invention therein disclosed and claimed and any Letters Patent that may be issued upon the application or for improvements therein contained.

NOW, THEREFORE, for valuable consideration furnished by Assignee to the undersigned, receipt and sufficiency of which the undersigned hereby acknowledges, the undersigned hereby, without reservations:

1. Assigns, transfers, and conveys to Assignee the entire right, title, and interest in and to the application and the invention contained therein, including the right to apply for any Letters Patent in the United States of America and in all foreign countries thereto on the invention, and any Letters Patent that may issue thereon or therefor, in the United States and in any foreign country thereto, and all reissues, extension, divisionals, renewals and continuations thereof, to the full end of the term or terms for which the Letters Patent may be issued, the same to be held and enjoyed by the undersigned if this Assignment had not been made;

2. Authorize and request the Commissioner of Patents and Trademarks of the United States of America and similarly empowered officials in countries foreign to the United States to issue or transfer all such Letters

Patent to Assignee, as assignee of the entire right, title, and interest therein or otherwise as Assignee may direct;

3. Warrant that I have not knowingly conveyed to others any right in the invention, applications, or patents or any license to use the same or to make, use, or sell anything embodying or utilizing the invention; and that I have good right to assign the same to Assignee without encumbrance;

4. Binding my heirs, legal representatives, and assigns, as well as myself, to do, upon Assignee's request and at Assignee's expense, but without additional consideration to me or them, all acts reasonably serving to assure that the invention, the patent applications, and the Letters Patent shall be held and enjoyed by Assignee as fully and entirely as the same could have been held and enjoyed by me, my heirs, legal representatives, and assigns if this assignment had not been made; and particularly to execute and deliver to Assignee all lawful application documents including petitions, specifications, and oaths, and all assignments, disclaimers, and lawful affidavits in form and substance as may be requested by Assignee; to communicate to Assignee all facts known to me relating to the invention and improvements and the history thereof; to furnish Assignee with any and all documents, photographs, models, samples, and other physical exhibits in my control or in the control of my heirs, legal representatives, or assigns which may be useful for establishing the facts of my conceptions, disclosures, and reduction to practice of the invention, and that the undersigned will testify as to the same in any interference, or other litigation when requested to do so by Assignee.

IN TESTIMONY WHEREOF, I have hereunto set our  
hand this 5 day of April, 1999.
