ASSIGNMENT OF PATENTS

For good and valuable consideration, Dresser-Rand Company, a New York general partnership ("Assignor"), by these present does hereby assign, transfer and convey unto Electric Machinery Company, Inc., a Delaware corporation (formerly EM Acquisition Corp., "Assignee"), the entire right, title, interest and ownership of Assignor in and to the invention or improvement fully described and/or claimed in the Letters Patents and applications therefor referenced on Schedule A annexed hereto, and the entire right, title, and interest in and to the Letters Patents or applications therefor, as the case may be, including all treaty and convention rights and the right to sue for present, past, and future infringement, the same to be held and enjoyed by said Assignee, its successors, or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment and sale had not been made.

And by this covenant the Assignor will execute or procure any further necessary assurance of title to said invention, Letters Patents and applications for Letters Patents; and at any time, upon the request and at the expense of said Assignee, will execute and deliver any and all papers that may be necessary or desirable to perfect the title to said invention or any Letters Patents or any applications for Letters Patents which may be granted therefor in said Assignee, its successors, assigns or other legal representatives, and, upon the request and at the expense of said Assignee, will execute any additional or divisional applications for Letters Patents for said invention, or any part or parts thereof, and for the reissue of any Letters Patents to be granted therefor, and will make all rightful oaths and do all lawful acts requisite for procuring the same or for aiding therein, without further compensation, but at the expense of said Assignee, its successors, assigns, or other legal representatives.

And the Commissioner of Patents and Trademarks is hereby authorized and requested to issue any and all Letters Patents of the United States for said invention to said Assignee.
