### ASSIGNMENT

For valuable consideration, we, Richard H. Deitch, of Worthington, Ohio;  
Thomas G. Digges, Jr., of Fredericksburg, VA; hereby assign to Virginia Semiconductor, a  
Virginia corporation having a place of business at 1501 Powhatan Street, Fredericksburg, VA  
22401, and its successors and assigns (collectively hereinafter called "the Assignee"), the  
entire right, title and interest throughout the world in the inventions and improvements which  
are subject of an application for United States Patent signed by us this day, entitled A  
METHOD FOR FORMING A SOLID SOLUTION ALLOY CRYSTAL, filed (herewith),  
and assigned U.S. Serial Number (not yet assigned), and we authorize and request the  
attorneys appointed in said application to hereafter complete this assignment by inserting  
above the filing date and serial number of said application when known; this assignment  
including said application, any and all United States and foreign patents, utility models, and  
design registrations granted for any of said inventions or improvements, and the right to  
claim priority based on the filing date of said application under the International Convention  
for the Protection of Industrial Property, the Patent Cooperation Treaty, the European Patent  
Convention, and all other treaties of like purposes; and we authorize the Assignee to apply in  
all countries in our name or in its own name for patents, utility models, and design  
registrations and like rights of exclusion and for inventors' certificates for said inventions and  
improvements; and we agree for ourselves and our respective heirs, legal representatives and  
assigns, without further compensation to perform such lawful acts and to sign such further  
applications, assignments, Preliminary Statements and other lawful documents as the  
Assignee may reasonably request to effectuate fully this assignment.
