SECURITY AGREEMENT (PATENTS)

WHEREAS, IMAGING AUTOMATION, INC., a Delaware corporation, with a principal place of business at 25 Constitution Drive, Bedford, NH 03110 (the "Company") and FLEET NATIONAL BANK, with a place of business at One Federal Street, Boston, MA 02110 (the "Bank") are parties to an Inventory, Accounts Receivable and Intangibles Security Agreement dated November 24, 1997, as amended (as so amended, the "Security Agreement") and are also parties to a related letter agreement, as amended (as so amended, the "Letter Agreement") between the Bank and the Company; and

WHEREAS, the Company is the owner of the United States Patent Applications listed on Schedule A hereto (collectively, the "U.S. Patent Applications"); and

WHEREAS, among the security interests granted by the Company to the Bank pursuant to the Security Agreement is a security interest in all intangible assets of the Company (which would include the U.S. Patent Applications listed on Schedule A hereto); and

WHEREAS, the parties to the Security Agreement contemplate and intend that, if an Event of Default (as defined in the Letter Agreement) shall occur and be continuing, the Bank shall have all rights of a foreclosing secured party in and to the U.S. Patent Applications and any proceeds thereof and any registered patents resulting therefrom, including, without limitation, the right, following such foreclosure, to transfer to a purchaser all of the Company's right, title and interest in and to the U.S. Patent Applications and any registered patents resulting therefrom;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties reconfirm the terms of the Security Agreement, as if set forth fully herein, and acknowledge that the Bank has a security interest in the U.S. Patent Applications listed on Schedule A hereto and any registered patents resulting therefrom; as security for the Obligations (as defined in the Security Agreement) the Company hereby collaterally assigns to the Bank, and grants a security interest to the Bank in and to, all of the Company's right, title and interest in and to said U.S. Patent Applications and any registered patents resulting therefrom; the Company agrees that it will not sell or assign any of the U.S. Patent Applications or any registered patents resulting therefrom without the prior written consent of the Bank; and the Company and the Bank request that the Commissioner of Patents and Trademarks record this document with respect to the U.S. Patent Applications.

The Company hereby appoints the Bank as the Company's attorney-in-fact (with full power of substitution and resubstitution) with the power and authority, after the occurrence of any Event of Default (as defined in the Letter Agreement), to execute and deliver, in the name and on behalf of the Company, and to cause the recording of all such further assignments and other instruments as the Bank may reasonably deem necessary or desirable in order to carry out the intent of the Security Agreement and this Security Agreement (Patents). The Company agrees that all third parties may conclusively rely on any such further assignment or other

instrument, so executed, delivered and recorded by the Bank (or the Bank's designee in accordance with the terms hereof) and on the statements made therein.

IMAGING AUTOMATION, INC.

FLEET NATIONAL BANK
